Name of the Program: Maths Classes for ShamsheegudaGovt High School Children

Date: 31.08.2019

No. of Participants: 20

Brief Report of the Event:

Maths is a subject which is commonly found to be hard for many people. Most students start hating maths when they don't have a strong knowledge of basics. NSS BVRITH-for the people taught basics like multiplication, division, fractions, decimal number operation for grade 5,6 classes in Govt school. Such basic topics make students strong enough to solve problems. To help weak students, NSS volunteers first test how strong is their basics and then help to build a strong base. To create interest in them several activities like quiz, models, problem solving capabilities were conducted and prizes were given to the winners. The patience and regular follow up of such activities by volunteers make the students start doing problems with more interest.

Envision for a Plastic Free Nation Awareness program on single use plastic by INDIAN BANK staff .

Plastic is a miracle material. Thanks to plastics, countless lives have been saved in the health sector, the growth of clean energy from wind turbines and solar panels has been greatly facilitated, and safe food storage has been revolutionized. But what makes plastic so convenient in our day-to-day lives – it's cheap – also makes it ubiquitous, resulting in one of our planet's greatest environmental challenges.

In connection with controlled usage of onetime plastic material ,INDIAN BANK staff members visited our campus and created awareness among the students by making them to write resolutions on the board.
