**Name of the Program:** First-Aid Training session by Indian Redcross Society

**Date:** 30-01-2016

**No. of Participants:** 86

**Brief Report of the Event:** First aid is immediate help provided to a sick or injured person until professional help arrives. It is concerned not only with physical injury or illness but also with other initial care, including psycho-social support for people suffering emotional distress from experiencing or witnessing a traumatic event. To create awareness on such important topic BVRIT Hyderabad National Services Scheme unit organized a First-Aid Training Program on 30 January 2016 in association with Red Cross Society. In this program the entire faculty members of BVRITH participated and learnt how to give first aid when there is a problem of burning, suicide, heart attack, snake bite or sunstroke. Highly experienced casualty doctors gave visual explanation about what to do when a person is severely injured and how to take measures not to make it more severe.
