VISION

Develop women as technocrats, researchers and entrepreneurs in the field of computer science and engineering.

MISSION

1. To impart quality education in Computer Science and Engineering by means of learning techniques and value-added courses.
2. To inculcate professional excellence and research culture by encouraging projects in cutting-edge technologies through industry interactions.
3. To build leadership skills, ethical values and teamwork among the students.
4. To strengthen the collaboration of department and industry through internships, mentorships and professional body activities.

About the Department

The Department was established with the vision of making it as a centre of excellence in Computer Science among all the colleges of SVES group. At the beginning of the course the intake was 60 but with consistent academic excellence it was extended upto 120 from the Academic Year of 2014-15. The Department has state-of-the-art infrastructure and computing equipment supported by 24 hours high speed internet connection and wireless networks. We have a group of 21 highly qualified and dedicated faculty members to help the students to elevate their talent by delivering top class education blending their rich research experience with classroom teaching. Not only the faculty but also we invite industry experts to update students' knowledge to bridge the gap between theoretical knowledge and practical field.

The department aims to provide an excellent platform through Mentorship and Internship programs for the passionate students who have the zeal to learn new things to do something beyond their academics. We also encourage the students and provide guidance to do "Live Projects" to solve real life problems of the society. Overall, the department ensures to keep the students updated with evolving technologies which help them to make a difference in their professional career. Our department has good infrastructure and amenities for students to progress in their area of interest. Our management makes sure not to let issues such as lack of equipment hinder the growth of a budding Computer Science Geek! Since the industry keeps evolving with new technologies, we ensure to keep up with the outside corporate world and impart knowledge amongst our beloved future technocrats!.

Program Educational Objectives

1. Develop innovative computing products by utilizing strong technical proficiency and critical thinking.
2. Productively engage in research by practicing basic principles grounded in allied areas of Computer Science and Engineering
3. Adapt the emerging technologies to contribute technical innovations for progressive development
4. Demonstrate professionalism

Message from HoD

Greetings from the Department of CSE, BVRIT HYDERABAD College of Engineering for Women. It gives immense pride & pleasure to lead the Computer Science and Engineering Department of this esteemed organisation.

The department has specialized faculty in all important areas of Computer Science such as Image Processing, Computer Networks, Natural Language Processing, Cloud Computing and Data Mining etc...

The department works in the direction of nurturing the faculty and exposing them to world class infrastructure by providing best in class in the premises as well outside the premises. We provide ample opportunities to our faculty and students under the Departmental Association by conducting in house trainings, workshops, guest lectures and Technical activities. Our department consists of various computer laboratories to train young bgraduates in Data Structures, Java, Compiler Design, Data Base Management System. As well department then trains the students into cutting edge technologies such as Machine Learning, Data Science and Analytics.

Industrial Visits and Internships are regularly planned to improve the practical knowledge of the students and have an interaction with the industry people. We continue to play a leading role in our discipline which leads us towards creating innovative and effective professional graduate community which would be vivacious and provide continuous learning. I extend my warm wishes to all budding Tech savvys.
