-To Rise High

July 2014 | Vol. 1 | Issue 1

ABOUT THE DEPARTMENT

Department of Information Technology (IT) was started in the year 2012. The present intake of the undergraduate program is 60. Department of IT has well trained faculty, with an outstanding teaching expertise in emerging areas of IT. Department has well equipped classrooms and computer laboratories with high-end systems. The systems are connected through LAN & Wi-Fi. The main focus of the department is to churn out graduates with strong fundamentals in Information Technology domain.

VISION

To emerge as a centre of excellence in Information Technology and to produce women technocrats, global leaders for better tomorrow.

MISSION

M1: To impart quality education and inculcate problem solving skills using latest technologies in the field of Information Technology.

M2: To encourage multidisciplinary research and consultancy projects.

M3: To promote industry academia linkage and also enhance entrepreneurship skills in women engineers.

PROGRAM EDUCATIONAL OBJECTIVES

PEO 1: Develop strong analytical skills using fundamental concepts of science & engineering subjects.

PEO 2: Excel in programming and critical thinking by applying core technical knowledge.

PEO 3: Exhibit continuous learning related to evolving technologies in their professional career.

PEO 4: Demonstrate ethical behavior, team work & leadership qualities to solve problems in broader social context.

Message from Head of the Department

The Department offers undergraduate program enriched in core learning, challenges and opportunities. Department has competent, committed, experienced and proficient faculty to support talent and to cater to the societal requirements. The state-of-the-art infrastructure is in full utilization in the department.

The Department takes on the responsibility of watching over the students the entire period of their study making sure they have a suitable atmosphere in which their talent can be nourished and their creativity is encouraged through their participation in various departmental / college extracurricular and co-curricular activities. Students are not only made academically strong, but good human values are also inculcated in them.

Department has a very unique approach to bridge the gap between academics and industry requirement and in the process has partnered with Talent Sprint for skill development. Department is also well equipped with high end systems and internet facility where students have a great opportunity to work on their creative abilities to develop own projects in real time environment.

I congratulate to the team of faculty members and the students for their brilliant efforts. I wish all the Students and Faculty a great academic career.

Ms. Aruna Rao SL

Associate Professor & HoD
Department of IT, BVRITH
