Message from HoD

Greetings from the Department of CSE, BVRIT HYDERABAD College of Engineering for Women. It gives immense pride & pleasure to lead the Computer Science and Engineering Department of this esteemed & prestigious institution.

The department has specialized faculty in all important areas of Computer Science such as Image Processing, Computer Networks, Natural Language Processing, Cloud Computing and Data Mining etc...

We provide ample opportunities to our faculty and students under the Departmental Association through in house trainings, Workshops, Guest Lectures and Technical Activities. Our department consists of various computer laboratories to train students in Analysis of Algorithms, Computer Networks, Data Structures, Java, Compiler Design, Data Base Management System, Python like new technology giving the scope to all students for hands-on-experience individually, which will increase the confidence to face the practical problems in the field of computer science. Mentorship programs offered from Microsoft and Amazon helps to bridge the gap between the campus and the company. The Department extends a great support and encouragement for the students to contribute to the Open Source. Department has an active coding club where students get to discuss various coding question to enhance their skills. Students of the department actively participate in various coding contents like ACM ICPC. Industrial Visits and Internships are regularly planned to improve the practical knowledge of the students and have an interaction with the industry people. We continue to play a leading role in our discipline which leads us towards creating innovative and vibrant community. I extend my warm wishes to all budding Computer Engineers.
