

About the Institute:

BVRIT HYDERABAD College of Engineering for Women, established in 2012, is the youngest offspring of the Sri Vishnu Educational Society. BVRIT HYDERABAD is a multidisciplinary, research-focused, student-centric institute offering academic programs at the undergraduate and post graduate levels. The institute highly focuses on teaching, research and innovation by applying the best practices in all. The college has established special labs including JNTUH recognized R&D Centre. The college is prominent for the quality in student's intake and performance. Committed to excellence in teaching and research, the institute aims to serve with a clear vision and mission to empower women.

Objective of the FDP:

It aims to integrate traditional Indian educational practices with the National Education Policy (NEP) 2020. This program focuses on understanding the relevance and application of ancient Indian knowledge in contemporary education. It provides a platform for educators to explore the synergy between modern pedagogical methods and traditional wisdom. The FDP seeks to foster a holistic approach to education, emphasizing the importance of cultural heritage and values.
