DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Message from HOD

Greetings from the Department of Computer Science & Engineering (CSE) at BVRIT Hyderabad College of Engineering for Women. It is with immense pride and great pleasure that I lead this esteemed department, dedicated to shaping the Women Technological Leaders of Tomorrow. Our primary mission is to empower students with robust problem-solving abilities, critical thinking skills, and a creative mindset to devise innovative solutions for the evolving challenges in science and technology. The department boasts state-of-the-art infrastructural and computing facilities, fostering a dynamic and supportive environment that nurtures academic excellence and cutting-edge research.

Our highly qualified, diligent, and experienced faculty are passionately committed to enhancing the skill sets of our students through continuous engagement and mentorship. The curriculum is meticulously designed to provide comprehensive knowledge and hands-on training of the highest caliber, spanning foundational concepts of Computer Science, advanced programming, core courses, and the latest technological frontiers. These include Artificial Intelligence, Machine Learning, Internet of Things (IoT), Data Analytics, Cyber Security, Open-Source Technologies, Blockchain, Cloud Computing, and Quantum Computing—reflecting the rapidly advancing tech landscape as of January 2025. To ensure the holistic development of our students, the CSE department maintains active memberships with prestigious professional bodies such as ACM, CSI, and TechBlitz, alongside collaborations with leading coding platforms like e-Lab, Hackers Bay, CodeChef, HackerRank, and various Coding Clubs. These initiatives ignite a passion for lifelong learning and encourage students to explore beyond their academic boundaries, fostering innovation and leadership. As the industry evolves with groundbreaking technologies, we remain steadfast in aligning our programs with the corporate world's demands. We strive to equip our beloved future technocrats with the skills and knowledge to thrive in a competitive global landscape, ensuring they are well-prepared to lead and innovate in the ever-changing world of technology.

Dr. M Sree Vani
Professor & HoD,
CSE

Institute Vision

To emerge as the best among the institutes of technology and research in the country dedicated to the cause of promoting quality technical education

Institute Mission

At BVRITH, we strive to

- Achieve academic excellence through innovative learning practices.
- Enhance intellectual ability and technical competency for a successful career.
- Encourage research and innovation.
- Nurture students towards holistic development with an emphasis on leadership skills, life skills, and human values.

Department Vision

Develop women as technocrats, researchers, and entrepreneurs in the field of computer science and engineering.

Department Mission

- M1. To impart quality education in Computer Science and Engineering by means of learning techniques and value-added courses.
- M2. To inculcate professional excellence and research culture by encouraging projects in cutting-edge technologies through industry interactions.
- M3. To build leadership skills, ethical values, and teamwork among the students.
- M4. To strengthen the collaboration of department and industry through internships, mentorships, and professional body activities.

Program Outcomes (POs)

Engineering Graduates will be able to:

Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems

Problem analysis: Identity, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering science

Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for public health and safety, and cultural, societal, and environmental considerations.

Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis, and interpretation of data, and synthesis of the information to provide valid conclusions.

Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations

The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues, and the consequent responsibilities relevant to the professional engineering practice.

Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice

Individual and teamwork: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings

Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions

Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments

Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

Program Educational Objectives (PEOs)

PEO 1: Develop innovative computing products by utilizing strong technical proficiency and critical thinking.

PEO 2: Productively engage in research by practicing basic principles grounded in allied areas of Computer Science and Engineering.

PEO 3: Adapt the emerging technologies to contribute technical innovations for progressive development.

PEO 4: Demonstrate professionalism, ethical attitude, teamwork, and leadership skills with lifelong learning in the career.

Program Specific Objectives (PSOs)

PSO 1: Ability to apply learned skills to build optimized solutions pertaining to Computer & Communication Systems, Data Processing, and Artificial Intelligence.

PSO 2: Employ standard strategies and practices in project development using FOSS (Free & Open-Source Software).

About the Department

The Department of Computer Science & Engineering (CSE) was established in 2012 with the vision of making it a Centre of Excellence. The Computer Science and Engineering Department's goal is dedicated to creating Women Technological Leaders of Tomorrow. The Department of CSE offers 1. Bachelor of Technology (B.Tech) in Computer Science and Engineering (CSE) with an intake of 180. It molds students into an individual with strong problem solving and critical thinking skills to create innovative solutions for new challenges. The Department of Computer Science & Engineering is propped by well-qualified, experienced, and committed faculty to provide quality education to the students. The department offers exciting opportunities for students to expand their intellectuals through guest lectures, technical seminars from eminent industries, and academic personalities and keeps abuzz with activities to develop their technical skills through various clubs driven by active student participation throughout the year. The department is always on its toes to provide an excellent platform through Mentorship, Internship, hobby projects, workshops, industrial visits for the passionate students to inculcate the zeal to learn new things and do something beyond their academics. Faculty and students are encouraged to do certifications offered by NPTEL – SWAYAM, ServiceNow, Coursera, edX, Udemy, NASSCOM, etc, to move the needle on upgrading the proficiency and skill set in the interesting areas. The Department has vibrant Alumni working in top-notch giants in the software industry like Microsoft, Google, Amazon, Flipkart, Salesforce, HP, etc.

Faculty awards / reviewers / resource persons / appreciations

1. Mr. K Bhargav Ram, Ms. Padmavati E Gundgurti, Assistant Professors, Published an International Book on "Software Engineering Principles: Fundamentals for Effective Development", with ISBN:978-81-975192-6-0, on 2nd Jan 2025.

2. Dr. M Indra Sena Reddy, Professor, invited to deliver Guest Lecture on “Competitive coding with Python”, by Annamacharya Institute of Technology, Kadapa, on 18th Jan 2024.

3. Dr. G Naga Satish, Professor, invited a talk for the FDP on Research Methodologies by BVRaju College(A), Bhimavaram, on 4th Mar 2025.
4. Dr. M Sree Vani, Professor & HoD, & Dr. R Suneetha Rani, Professor Selected as Research Supervisors under JNTUH, on 13th Mar 2025.
5. Dr. G Naga Satish, Professor, acted as a Session Chair for Second International Conference on Materials & Energy Science (ICMES–2025) Organized by Department of Mechanical Engineering, Aditya University, on 25th Mar 2025.

6. Dr. R Suneetha Rani, Professor, Acted as Conference Session chair for “International Conference on Recent Advancements in Artificial Intelligence and Soft Computing” (ICAISC-2025), organized by Methodist College of Engineering and Technology, Hyderabad, on 5th Jun 2025.

Faculty attended FDP's/Workshops/Webinars/Visits/Events

- Ms. D Swapna, Associate Professor, Ms. Suparna Das, Assistant Professor, attended for online ATAL FDP “Wearable Devices-AI for Digital Health”, organized by the Department of CSE-(CyS, DS), AI & DS, VNR VJIET from 6th Jan to 11th Jan 2025.
- Ms. Suparna Das, Assistant Professor, completed the course "Introduction to Cloud Computing", and received the certificate from SimpliLearn, on 9th Jan 2025.
- Ms. KBKS Durga, Assistant Professor, attended an online workshop “Blockchain, Fintech and Cyber Security: Shaping the Future of Secure Digital Finance (BFC-25)”, organized by department of Computer Science & Engineering, National Institute of Technology Raipur, India, from 6th Jan to 16th Jan 2025.
- Ms. Suparna Das, Assistant Professor, Ms. M Sahaja, Assistant Professor, attended for offline FDP "Building Web Development Solutions with Cloud Computing", organized by Department of Computer Science and Engineering & CSE (AI&ML), Gokaraju Rangaraju Institute of Engineering and Technology from 20th Jan to 24th Jan 2025.
- Ms. D Swapna, Associate Professor, attended for online “Advancements in Telehealth Industry Using IoT”, organized by Koneru Lakshmaiah Education Foundation Deemed to B University Off Campus. Aziznagar, Hyderabad from 20th Jan to 25th Jan 2025.
- Mr. K Bhargav Ram, Assistant Professor, visited Hexagon company on 23rd Jan 2025.
- Mr. M D Sugnana Rao, Mr. M Naga Sriharsha, Mr. Naresh Koenni, Assistant Professors, attended for a Workshop” Research kick start 2025”, organized by BVRITH (by Dr. Raju Adela from VEDIC), from 31st Jan to 1st Feb 2025.
- Dr. M Sree Vani, Professor & HoD, and Dr. M Shanmuga Sundari, Assistant Professor, attended AI Healthcare Summit 2025, on 5th Feb 2025 at T-Hub, Hyderabad.
- Ms. Suparna Das, & Ms. T Durga Devi, Assistant Professors, attended for online ATAL FDP "Flexible and Plant-Wearable Sensor Design for Smart and Precision Farming", organized by Department of Electronics & Instrumentation Engineering, National Institute of Technology, Agartala, 03rd Feb to 08th Feb 2025.
- Dr. M Sree Vani, Professor & HoD, Dr. R Suneetha Rani, Professor, Dr. M Indra Sena Reddy, Professor, Prof. R S Murali Nath, Dr. G Naga Satish, Professor attended for III BoS meeting on 15th Feb 2025.

- Dr. G Naga Satis, Professor, completed the online Course “Generative AI for Beginners”, from Simpli Learn, on 12th Feb 2025.
- Ms. T Durga Devi, Assistant Professor, attended for offline workshop Remark Skill Technical Workshop on “Artificial Intelligence with Machine Learning” in Association with Elan & nvision, organized by IIT Hyderabad, from 15th Feb to 16th Feb 2025.
- Ms. K Neha, Assistant Professor, attended for PMIPCC International Students Leadership Pay Event organized by PMI Hyderabad Chapter at Mahindra university, on 22nd Feb 2025.
- Dr. M Sree Vani, Professor & HoD, & Ms. E G Padmavati, Assistant Professor, attended a conference on cybersecurity-SHIELD, organized by HICC Hyderabad, on 19th Feb 2025.
- Ms. K Pavani, Ms. N M Chaitanya, Ms. P Sai Ramani, Lab Programmers attended for an Online FDP “Fundamentals of Python Programming”, organized by EICT Academy IIT Kanpur, from 17th Feb to 22nd Feb 2025.
- Dr. M Sree Vani, Professor & HoD, & Ms. E G Padmavati, Assistant Professor, attended a workshop “Course and Curriculum Design”, at VEDIC Hyd, on 18th Feb 2025.
- Dr. R Suneetha Rani, Professor, Ms. D Swapna, Associate Professor Ms. V Manya, Ms. K Neha, Ms. J Jhansi Goud, Ms. M Sahaja, Ms. T Jhansi Renuka, Assistant Professors, attended for a Research Talk- Bridging Gaps, Driving Innovation: The Key to Research Problem Formulation, by Prof K. Swaroopa Rani from University of Hyderabad, organized by Dept of IT-Research & Development BVRITH, on 28th Feb 2025.
- Dr. R Suneetha Rani, Professor, attended for VEDIC Hyd, online TLC, on 25th Feb 2025.
- Dr. R Suneetha Rani, Professor, & Ms. S Vidyullatha, Assistant Professor attended a workshop “Dr. M N Reddy Mathematical Institute meeting for Maths & AI ML” at VEDIC Hyd, on 1st Mar 2025.
- Ms. Suparna Das, Assistant Professor, as an EDC coordinators attended for “PELVIEase GRAND PRODUCT LAUNCH”, organized by JNTUH, on 7th Mar 2025.

- Mr. K Bhargav Ram, Assistant Professor, attended for R&D Showcase, at IIITH, on 9th Mar 2025.
- 28 CSE faculty members attended for a 5 Days FDP, “Mastering Cloud Computing Essentials with AWS”, with the resource persons Dr. Mala Kalra, Assistant Professor, NITTTR, Chandigarh, Mr. Vipin Gupta, CEO, U-Net Solutions, Moga, from 3rd Mar to 7th Mar 2025.
- Ms. Suparna Das, Assistant Professor, visited T-WORKS, regarding Prototype Building under Entrepreneurship Development Cell (EDC) Hyderabad, with 15 students on 13th Mar 2025.

**CSE - Young Promising
Engineer Award (YPEA) for
Batch - 2021**

My time at BVRIT Hyderabad College of Engineering for Women was memorable and life-changing. It has taught me varied skills, developing me academically, professionally, and personally. The college has given me ample opportunities to excel and challenge my capabilities through research assignments, hackathons, clubs, and other activities. Being recognized for these achievements and efforts is an honor.

I was a part of the WISE program, which introduced me to a broader understanding of software development and played a key role in shaping me as a developer. The skills I acquired through these programs were invaluable. I was also selected by Mr. Ashokan pichai for the elite training program, helped me to think differently and to stand out from others. I was among top 200 students all over India to get selected for the Flipkart GWC program. And also, fortunate to receive an internship offer from DELL through on-campus placements, forever grateful for all the opportunities provided by the college.

Part of PWC apprenticeship program, grateful for college for providing such opportunity for students to learn and grow, and I also bagged my dream internship offer from Microsoft, and later got converted it into Full time opportunity.

These achievements would have been impossible without the unwavering support and guidance the college has provided. I am extremely grateful to our esteemed principal ma'am, Dr. K.V.N Sunita, and Head of the Department Dr. M. Sree Vani, as well as all the faculty members, staff, and friends who were there with me throughout this journey. Thank you, BVRITH, for believing in me, nurturing my potential, and filling me with the confidence to conquer the unknown.

Best Wishes
